Owner of Premises _____

The undersigned hereby applies to the Hardin Municipal Utilities (Water-Sewer-Gas Systems) for service at the premises listed above and agrees to pay for such services at the rates that are affixed by the City of Hardin.

The applicant agrees to make a meter deposit of \$ _____ which shall make them bound by, and obligates them to observe the rules and regulations that are now and may hereafter be prescribed by the City of Hardin. This deposit will be retained by the system until such time that services are discontinued. All balances must reside at zero before any deposits will be refunded.

All bills are due on the 5th of the month (or the following business day if the 5th falls on a weekend day or holiday). A 10% penalty will be added to all bills if not paid by the due date printed on the bill. If not, service can be discontinued by the City of Hardin for non-payment and a reconnect fee will apply. Re-connect fees are \$20.00 for water and \$25.00 for gas.

The City of Hardin advises that the tenant to be present when the utilities are turned on. If you give the City of Hardin permission to do so, without someone being there, you take full responsibility at that time. The City of Hardin will not be responsible for any damages caused due to water/gas in or outside the residence past the meter.

The Hardin Municipal Utilities shall have the right to enter upon the premises at any time for the purpose of servicing its equipment, reading meters, discontinuing service, removing water and/or gas meters or for any other reason necessary by the City of Hardin for non-payment and a re-connect fee will apply.

By signing below, I hereby expressly acknowledge I have been advised that as a tenant, if I do not pay one or more of my utility bills in a timely manner when due, my Landlord, as owner of the property listed above where the utility services are provided, has a right to request the city to disconnect the utility services as soon as 48 hours past due date, which may be prior to any disconnection of utility services scheduled by the city.

This application is taken subject to acceptance by the Hardin Municipal Utilities (Water-Sewer-Gas Systems). This done and signed on the _____ day of _____ 20____.
